## 1. OBJECTIVE OF THE DOCUMENT

The objective of this document is to provide instructions/guidelines to bidders for preparing technical and financial Proposals for the delivery, installation, configuration, commissioning and procurement of Firewalls at Pakistan Engineering Council (PEC) Head Office & Regional Offices.

## 2. BACKGROUND

Pakistan Engineering Council is a statutory body, constituted under PEC Act 1976 with mandate to regulate engineering profession in totality, register Constructors/ Operators & Consultants, Promote & Facilitate Engineering Profession & Industry and impart continuous professional development (CPD) to engineers.

PEC has taken number of initiatives to automate its processes and is successfully running the online solutions. These solutions are used publically by students, engineers, firms, companies and government departments. PEC has plan to conduct EPE exam online with candidate-count of 3000 in next 05 years. Online services are hosted at PEC-HQ data center & cloud machines.

With increasing online services, information security has become a challenge and PEC intends to counter this challenge vigorously with industry standard solution.

Pakistan Engineering Council has its head office at G5/2, Ataturk Avenue East, Islamabad with regional offices at Karachi, Lahore, Peshawar and Quetta.
