

# SEED FUNDING SCHEME FOR ENGINEERING STARTUPS

## SUSTAINABLE DEVELOPMENT TOWARDS A BETTER FUTURE

ORGANIZED BY

**PEC INNOVATION & ENTREPRENEURSHIP COMMITTEE (ICE)**

PEC Innovation & Entrepreneurship Committee (ICE) is pleased to invite engineering startups for submission of business proposals, addressing key challenges and opportunities in the engineering sector with a focus on sustainable technology development in Agri-tech and Smart-tech

### THEMATIC AREAS

#### AGRI-TECH

Agri-tech is crucial to enhance productivity, efficiency, and sustainability in the sector of agriculture such as food security, environmental sustainability, and increasing demand for agricultural products. Integration of technology in agriculture continues to evolve, offering new opportunities for innovation and improvement in farming practices. It also emphasizes the adoption of waste-to-product and waste-to-energy approaches to reduce environmental impact

#### SMART-TECH

Smart-tech plays a pivotal role in modern society, revolutionizing various sectors with its efficiency and innovation. From enhancing communication through interconnected devices to optimizing resource management. Smart-tech fosters convenience, sustainability, and economic growth. By harnessing data-driven insights and automation, Smart-tech not only streamlines daily tasks but also paves the way for a more interconnected and sustainable future

# CALL FOR PROPOSALS

### ELIGIBILITY

- Interdisciplinary team lead by PEC Registered Engineers
- Startup must have capital investment of at least PKR 300,000
- Product/ Solution must directly address one of the thematic areas
