## **PREFACE**

1. Pakistan Engineering Council (PEC) being the statutory regulatory body has been entrusted to regulate the engineering profession in Pakistan. It has carried out standardization of "country specific" documents to regulate and streamline hiring of engineering consultancy services and procurement of works in line with the advice by Planning Commission, Govt. of Pakistan in 1996. Standard Form of Contract for Engineering Consultancy Services (For Large Projects) - Lump Sum Assignments; is one such document prepared by a team of experts comprising employers, constructors and consultants. With the passage of time, this document was developed into a complete contract document which was notified for implementation by Government of Pakistan. On the basis of feedback received from the users of this document and comments from PPRA in September 2005, it is revised upto June 11, 2007. It is expected that use of this document will provide an equitable and just basis for execution of contract agreements for providing engineering consultancy services on lump sum remuneration basis in line with the international practice and relevant PEC Bye-laws thus minimizing ambiguities and likely contractual disputes.
2. This document is primarily based on the standard formats prepared by NESPAK and comprises General Conditions of Contract, Special Conditions of Contract and sample Appendices.
3. This document is to be used for large projects with consultancy fee over Rupees two (2.0) Million.
4. This document has been approved by ECNEC in its meeting on 12<sup>th</sup> November, 2007. The document has been notified by Planning Commission, Government of Pakistan vide Notification No. 8(60)WR/PC/2008 dated 12<sup>th</sup> February, 2008. It is, therefore, mandatory for all engineering organizations and departments at Federal and Provincial level and district governments to use this document for procurement of engineering consultancy Services.
5. Any suggestions for improvement shall be appreciated. These may be addressed to Registrar, PEC, Ataturk Avenue, G-5/2, Islamabad (e-mail: [registrar@pec.org.pk](mailto:registrar@pec.org.pk)).

**INSTRUCTIONS TO USERS OF THIS DOCUMENT**  
**(Not to be included in the Contract Documents)**

1. This document is designed for Engineering Consultancy Contract on "Lump Sum Assignments" basis stipulated in Item-6, Appendix A of "Conduct and Practice of Consulting Engineers Bye-Laws 1986 (SRO 809(1)/86)" issued by the Pakistan Engineering Council. Two other documents for Engineering Consultancy Contracts namely, (a) "Standard Form of Contract for Engineering Services (Time Based) and (b) "Standard Form of Contract for Engineering Consultancy Services for Small Works" are also separately published. It is expected that most of the Engineering Consultancy contracts will generally be covered by the above three documents, however, for any other mode of remuneration to the consultants as stipulated in Appendix-A of the above referred PEC Bye-Laws, the users are to tailor the relevant clause(s) to suit their requirements.
2. This document is recommended for use on such projects where the scope of engineering consultancy services can be fairly estimated and well defined and all inclusive fixed lump sum payment including salary cost, the overheads, the fee and direct non-salary costs is to be made against the services.
3. This document has been developed for use of consultancy services with payment of remunerations in Pakistani Rupees as well as in foreign currencies. However, in case one of the currencies is not used, appropriate modifications shall be made in the "Special Conditions of Contract" and relevant Appendices.
4. No change shall be made by the users in the "General Conditions of Contract" of this document. Any adjustment or change to meet specific project features shall be made only in the "Special Conditions of Contract".
5. Instructions to users are also provided in various places of this document within parenthesis or as Note(s). Users are expected to edit and finalise this document accordingly, by filling all the blank spaces and forms, deleting all the notes and instructions intended to help the users.
