## REQUEST FOR EXPRESSIONS OF INTEREST

### Concept Development and Pre-Feasibility study for the establishment of the Professional Development National Academy

The Pakistan Engineering Council, with its Head Office located at Ataturk Avenue, G-5/2, Islamabad intends to establish the Professional Development National Academy (PDNA). This academy will serve as a transformative initiative for learning in the engineering profession and envisioned to be a catalysts for developing future leaders and professionals to ensure the competitiveness of Pakistan's human capital in the global engineering landscape. For this purpose, the PEC has earmarked an area measuring 11.4 acres at DHA City, Karachi.

The PEC wishes to engage qualified and experienced consulting firms to undertake the concept development and pre-feasibility study for establishing the proposed Academy. The study will evaluate the market and financial viability of the proposed project, develop the concept and prepare a strategic roadmap for its establishment addressing critical aspects of the proposed academy's business case and value proposition. The objective of this assignment is to lay a robust foundation for a world-class institution that not only meets current demands but also anticipates future challenges and opportunities in engineering profession.

Expressions of Interest are hereby invited from strategy and management consulting firms, with demonstrated experience in institutional planning, feasibility studies and strategy development, registered with the FBR, meeting the following qualifications:

- i. Firms possessing similar experience, locally and internationally, of conducting similar exercises for educational institutions
- ii. Turnover of at least PKR 1 Billion per year in the last 3 completed financial years prior to the submission of this proposal.

Interested Firms are requested to submit:

- i. A company profile articulating their service offerings, value proposition, capabilities, organization structure, client portfolio and key projects.
- ii. Audited financial statements for the last 3 completed financial years.
- iii. Proof of income tax registration for the last 5 years.
- iv. At least 10 years of incorporated general project experience in conducting pre-feasibility/feasibility studies, concept development and strategy development exercise.
- v. Specific experience of relevance to the assignment including global and local pre-feasibility studies, concept development and strategic planning, and master planning of academic institutions.
- vi. A brief one-page conceptional framework for such an assignment be also attached.

Firms meeting the pre-qualification criteria may be required to provide a presentation of their capabilities to the PEC on a date notified after the submission of their expressions of interest.

The deadline for submission is **5.00 p.m. PST on 31<sup>st</sup> January 2025**. All submissions must be sealed and delivered to the address below along with a soft copy of the same on email. All late submissions will be rejected.
